

The Park

In many towns and cities there are parks. Parks are a great place to visit. Some people go for a walk in the park, or they have a picnic. Other people take their dogs for a walk in the park. In some parks there are small lakes and you can see ducks swimming there. There are usually lots of trees and flowers in the park. Of course you need nice weather to enjoy yourself. It is not fun to go to the park in the rain, and people don't usually go there in winter. But on sunny days it is a perfect place.
